Content Breakout Sessions: You'll get a variety of content from AMLE middle level experts in these interactive, solution-rich sessions.

Speed Learning Session: This session shines a spotlight on the great programs and initiatives at your school, and you'll learn from other attendees in a quick, personal setting.

Job-Alike Session: You'll meet and collaborate with attendees that share your job or role to discuss similar triumphs, challenges, and solutions.

General Session: These engaging, whole-group sessions examine the 16 characteristics of an effective middle grades program and the leadership actions that make those characteristics work.

Participant Planning Time: Reflect on the learning from the day—individually, with a colleague, or with your team—and meet with Institute faculty members.

Open Space Sessions: Bring your critical issues and concerns, and then create sessions you need! Build the conference you want within the Institute, and get ideas to improve your school!

Team-Building: In this activity-filled session you'll join other Institute attendees in games that create great teams, laughs, and camaraderie!
