

Figure 2 "Please Excuse My Dear Aunt Sally"

Please Excuse My Dear Aunt Sally

I don't know what I've been told
How math equations must unfold
The answer's here at this math rally
"Please excuse my dear Aunt Sally"
She will help us understand
Equations that we have on hand
Look to her for the right way
A math foundation, she will lay
PEMDAS is her other name
Remember this and you've got game!
Sound off,
PEMDAS
Sound off,
PEMDAS
Please excuse my
Dear Aunt
Sally!
She's an acronym to know
How operation orders go
Parentheses is where we start
Grouping numbers is their art
Work the problem left to right
Teacher says, "You're Dynamite!"
Exponents, the next concern

Do them now, 'cuz it's their turn
Sound off,
PEMDAS
Sound off,
PEMDAS
Please excuse my
Dear Aunt
Sally!
Multiply and then divide
Show your work with grace and pride
Almost done, now that's a fact
Last you add and then subtract
Remembering Aunt Sally's rule
Always makes our math class cool!
Sound off,
PEMDAS
Sound off,
PEMDAS
Please excuse my
Dear Aunt
Sally!
(Chant to "I Don't Know What I've Been Told" or "Sound Off,"
also known as "The Duckworth Chant")
