## Rainforests Have Four Layers

Rainforests have four layers

o-e-o-e-o

**emergent** layer is on top

o-e-o-e-o

with high winds here

and monkeys there

here a drip

there a drop

everywhere a drip-drop.

Rainforests have four layers

o-e-o-e-o

and **canopy** is right below

o-e-o-e-o

with iguanas here

and pythons there

here a chimp

there a sloth

everywhere a flying moth

Rainforests have four layers

o-e-o-e-o

look out for the **understory**

o-e-o-e-o

with jaguars here

red-eyed tree-frogs there

here a bug

there a bat

everywhere a stalking cat

Rainforests have four layers

o-e-o-e-o

and last to come is **forest floor**

o-e-o-e-o

with gorillas here

tarantulas there

here a plant

there an ant

everywhere a logger's chant

Rainforests have four layers, o-e-o-e-

oooooooooooooooooooooooooooo!

(Sing to the tune "Old MacDonald")
