

All Roles - Program Sustainability Career Exploration Action Guide

Documents/To-Do Items

- Develop a 3-year and 5-year plan
- Create a long-term budget
- Make a running list of additional funding sources and opportunities, including grants
- Create a plan for stakeholder buy-in
- Create a plan for scaling programming
- Develop a long-term professional development plan

Guiding Questions & Tips

- As you plan for sustainability, ask these questions:
- What does long-term program success look like?
 - How can this program continue to grow?
 - What long-term funding opportunities are available?
 - Who will continue to champion the program and how will they maintain it?
 - What are some long-term goals in regards to the impact on students?
