

Will i ever satisfy you

1. You text other friends too much- I text you, when I'm feeling blue.

You don't respond, I thought we had a bond.

I guess I lost another friend. We are at the end.

So ask someone to help me get through this, you shouldn't have other friends you hiss.

So you say I should be lonely, no you just can't see other people rebecca macaroni...haha. You laugh and make fun of me, I wish it didn't hurt and you would see.

Will I ever satisfy you?

2. You eat too much-

I stand in front of the mirror and

Pick

Pick

Pick

At my body.

I breath in and see myself skinnier

My face turns blue and i

Gasp

Gasp

Gasp

For air.

Will I ever satisfy you?

3. You watch movies too much-

The one thing we did together. It kept us from fighting. I wish I could watch movies forever. I wish it wasn't so hard to say this in writing. Our friendship broke me but it is light as a feather. I wish I could just go and hide. You get angrier than the stormy weather. Will I ever satisfy you?

4. You are you too much- Excessive

E-Earlier i was scared to be me.

X-Xoxo was written on the card for you but you said it was weird.

C-Careless is one way to describe the way you acted around me.

E-Easy was it to watch me break down?

S-Sadly I wasn't good enough for you.

S-Suprisingly i talkedtoo much for you.

I-I tried everything to be your dream best friend.

V-Visiting you always hurt because you didn't appreciate me.

E-Even after everything I do I am not good enough for you.

Will I ever satisfy you?

5. You talk too much-

I talk, talk, talk until someone says stop, let someone else speak.

I look down as my face fernsred and I talk, talk,talk in my head.

Everywhere I go I hear "Wow, you are loud!"

Im scared what if i never stop,stop, stop, what if i never shut up.

Will I ever satisfy you?

6. You are bad at spelling too much-

I know I'm bad at spelling, I'm slow and always need help.

I need the notes, if I don't get the notes I won't pass the test, if I don't pass the test I won't get a good grade, if I don't get a good grade I won't pass the grade, and if I don't pass the grade I won't pass middle school, if I don't pass Middle School I won't go to high school, if I don't go to high school I won't go to college, if I don't go to college I won't get a job, and if I don't get a job, I'll never be happy.

I know I'm overthinking it, but I believe it and it pushes me to do better and better.

But just one of your little mean sentences breaks me and drags me back to where I started. Will I ever satisfy you?

7. You are boring too much-

Yes, I am boring and dry, I tell myself I am perfect but I know I shouldn't lie.

I act like I'm happy when I'm dying inside.

Last night I just cried.

My eyes were turning red.

And I felt so dead.

I couldn't talk or text, I felt so depressed.

I wish I wasn't sad.

I see everyone and they are so glad.

Why can't I be like that

But I'm just a small stupid rat.

I feel ugly and boring

Look at me I know I am the one you are ignoring!

Will I ever satisfy you?

8. You never text too much-

Texting

foolish, dull

boring, fighting, screaming

Killing and destroying friendships

laughing, caring, explaining

understand, connect

Taking

Will I ever satisfy you?

9. Will I ever satisfy you?

Everyday I get up and go to school, the one thing that I actually enjoy. Of course you have to make fun of me because of it. I love my classes and my teachers, according to you that's stupid, weird and nerdy of me. I know I'm not perfect at school like you, but you don't have to remind me all the time. Everyone is sick of your rude and snotty comments. I want to get through the day like everyone else, but my head just can't take it. My head goes around and around and at one point everything stops and I explode. All my weird middle school feelings come tumbling out of my head. I can do this, I repeat in the corner of the school's girls bathroom. As soon as I open that bathroom door and walk out I know I can do this, I know I'm not alone and that everything will be ok. I go to bed after dinner and homework, and the next morning everything repeats itself.
