

Middle School Student Sound Off

*Jade Villegas, Grade 8
Walker Mill Middle School*

In the halls of middle school, friendships bloom,
Navigating lockers, finding our room.
New experiences, challenges to face,
Learning and growing at our own pace.

Homework and tests, a never-ending grind,
But also moments of laughter, so kind.
Navigating cliques and finding our place,
Discovering who we are, embracing our grace.

Social media, a whole new frontier,
Likes and comments, seeking validation near.
But remember, it's important to stay true,
Being yourself is what makes you shine through.

Middle school can be tough, that's for sure,
But with friends by our side, we endure.
Embrace the journey, the highs and the lows,
Middle school memories, forever it goes.
